REFERENCE: JOHN BUCKINGHAM - BUNBURY BUILDING COMPANY

TO WHOM IT MAY CONCERN

I have known and worked on same projects with John Buckingham for over a period four years.

The projects on two occasions were a commercial addition (\$50k aprox.) and a large 3 storey residential addition (over \$2 Million).

On both these occasions I have found John to be very professional, knowledgeable and proficient in the building of these projects.

The final product of these projects were of high finish and quality.
